**RF/Microwave/Optical
Discrete Devices
Material & Services
Components & Assemblies**

www.rfassociates-ne.com
Sales@rfassociates-ne.com

www.atceramics.com

Multi/Single layer chip capacitors, resistors, terminations & inductors, Thin film circuits, Qualified for Space Applications

www.conwin.com

VCOs, OCXOs, TCXOs, VCXOs & PLLs
Stratum timing ICs and modules and custom solutions
Custom thick film assemblies & SMT PC boards
NavSync: GPS receiver modules for OEMs
Janus Communications: customized M2M solution

www.hubersuhnerinc.com

Coax Connectors, Cables and Assemblies; SucoFlex/Test cables; Fiber optic cables/assemblies, EMP protectors, antennas, Cable Assemblies for Space Applications

www.inphi-corp.com

10-100G Optical devices (TIA, drivers, amps), Hi-Speed/GHz Logic, Broadband Analog & Mixed signal components; Prescalers; Qualified for Space Applications

www.kmictech.com

GaAs FET power, low-noise & limiting amplifiers, converters & multipliers, transceivers, GaN Amplifiers

www.microtune.com

Broadband IC tuners and amplifiers, upconverters, automotive radio tuners & modules

an  communications company

www.nardamicrowave.com

Attenuators, Couplers, Dividers, dc-40GHz; Electro-Mech & Solid State Switches; OC-768 drivers/amps/osc; RF Safety Products

www.rfassociates-ne.com

www.nspower.net

AC/DC Switching Power Supplies, ATX, Desktop, Wall Mount, Open and Enclosed Power Supplies and DC/DC converters

www.peregrine-semi.com

PLLs, mixers, prescalers, switches, DC-13 GHZ MMIC's. CMOS (Silicon-on-Sapphire), Qualified for Space Applications

www.phototech.com

DWDM & CWDM, MUX/Demux, OADM, EFDA, isolators, switches. Collimators, crystals, prisms, waveplates, cores, ferrules and patchcords

www.redpinesignals.com

802.11abgn Chipsets, Modules and Systems; Wi-Fi Communications Processor, Sensor Module, RTLS and RFID Module

www.rfmd.com

Silicon & GaAs FET and MMICs Devices and Modules dc-50Ghz: LNA, Gain blocks, Doublers, Mixers, VCO/CRO/PLL's; GaN Devices; Qualified for Space Applications

www.rockwellcollins.com

Printed circuit board fabrication using a variety of materials including: FR-4, G-10 and Teflon

www.teledynemicrowave.com

LNA and Power Amps, .5-30Ghz; YIG osc/filters; converters; multipliers and Integrated MW assemblies
Teledyne KW Microwave: Filters 5Mhz-26Ghz: LC, Compline, Suspended Subs; Ceramic; Diplexers, Multiplexers; Switch Filters; Qualified for Space Applications

(978) 887-9762

www.telit.com

Data Communications Modules for machine-to-machine wireless communications. Single and Quad-Band devices for GSM/GPRS, CDMA and UMTS with Wi-Fi 802.11B+G companion modules available

www.tennmaxusa.com

EMI and thermal management products: physical vapor deposition. Thermal modules. Form in place & mold in place EMI and environmental gaskets

www.trak.com

Freq source products: Oscillators, Synthesizers, Combs; Ferrite Circ/Isolators; Integrated Microwave assms; Build-to-Print capabilities; Qualified for Space Applications

www.tronser.com

Air dielectric and sapphire dielectric variable capacitors, microwave tuning elements, precision machined, milled and tuned parts

www.ums-gaas.com

GaAs FET & MMIC devices, 2-100GHz: LNA, Power amps, VCO, Mixers, Multipliers & Converters; Design & Foundry Services; Qualified for Space Applications

www.xmultiple.com

RJ11, RJ45, USB, RJ/USB combo; HDMI, and power connectors. Transformers

www.i-winix.com

Hybrid integrated circuits and RF Components including ceramic filters and Diplexers (400 MHz to 4.0 GHz), ceramic antennas
